Introducing the new

SUNDAY SCHOOL WEBSITE & PORTAL

What does the portal do?

1 STREAMLINING

- Storage of centralized data about Sunday Schools, teachers, and children in one place
- Provides a fast and efficient flow of data

2 AUTOMATION

- Ensures efficient operations of administrative processes such as teacher trainings, certifications, centralized written events (CWE), and OVBS
- Required for today's digital world for successful administration of services

Why am I registering for this?

3 DIGITAL SPACE FOR SPIRITUAL GROWTH

- Access to Talmido curriculum, trainings, interactive lessons, videos, articles, and stories that cater to all ages
- Engage in discussions with the larger Orthodox community
- Build deeper connections with the faith
- Access resources from the comfort of your space

4 SECURED DATA

- **Before:** Sunday school data spread around with many stakeholders on multiple servers or personal computers
- **Now:** Centralized data with the portal's inception
- Hierarchical distribution of access to data provides more security
- Only authorized entry to administrative functions

5 SUPPORTIVE COMMUNITY

- Dedicated digital administrators and facilitators for guidance and to answer questions
- Build connections with larger Orthodox Christian community
- Unites the faith across the diocese

How can I register?

6 JOIN OUR ONLINE COMMUNITY

1. Click the link to access the website – https://dswasundayschool.org/
2. Click 'login' and register as a new user to the portal.
3. Then the validator from each parish will review and grant access.
4. Your registration is complete.
